To Whom It May Concern:

Hi. My name is Dr. David Anthony and I am a General Dentist with Anthony Dental Care in Sunbury Ohio. Our office recently created a brand new website. We chose CSI, Client Solutions Innovations to complete this task. We dealt directly with Ken Walls the owner.

In my experience building this website, Ken Walls has been responsive, creative, diligent, and strove for excellence. For example, during the early stages, Ken suggested that we put an introduction video on our website. After our office created the video, Ken was displeased with our amateur attempt and decided to come to our office with his equipment and film it again to achieve a better, more professional video. He did this without charging us extra; he just wanted it done right.

Overall, I am very pleased with the quality of work that Ken provided to my office. I find that Ken is very easy to work with and enjoy working with him as we continue to tweak our website. I highly recommend Ken Walls to anyone looking to build a website. Feel free to contact me at the following email address should you have any questions.
